SHELLED WALNUTS, SOLICITATION NO: 2000003953

The U.S. Department of Agriculture (USDA) invites offers to sell Shelled Walnuts pursuant to the AMS Master Solicitation for use in the National School Lunch Program and other Federal Food and Nutrition Assistance Programs. Acceptances will be announced by midnight, May 3, 2016. Deliveries are to be made between August 15, 2016 and September 30, 2016.

The Walnuts size designation for this solicitation is #Pieces or Small Pieces# as specified in the U.S. Grade Standards for Grades of Shelled Walnuts. Mixing and/or intermingling these 2 sizes in a shipping unit (truckload) will not be acceptable.

Per FDA regulations, the following minimum mandatory labeling requirements for all foods, whether sold or donated, must appear on the label: Product Name, Manufacturer's name and location, Net weight of the product, Ingredients list, and Allergen declaration. These requirements are codified in 21 CFR 101.2, 101.3, 101.4 and 101.5. See the following link for a guidance manual:
<http://www.fda.gov/Food/GuidanceRegulation/GuidanceDocumentsRegulatoryInformation/LabelingNutrition/ucm064894.htm>

Packing, label and packaging requirement for 24/1 LB: The walnuts must be packed to an average net weight of 24 pounds, as described by the material on the solicitation. Bags must be made of polyethylene or similar material approved by the Food and Drug Administration. When packed in consumer packages, no individual package should exceed the reasonable shortage limit as defined by the inspection service. Reasonable shortage would be 4% of the net weight of the package.

Primary Containers: Offerors have the option to use commercial labeling and packaging which meets all applicable FDA requirements and contains a code which allows traceability of the product in the event of a recall. The processors' own commercially acceptable #brand# labels may be used, however distributor's #brand# labels are not acceptable. The packaging must be suitably code marked so that the product can be identified with related inspection certificates.

Secondary Containers (tray and case): As specified in the Commodity Specification for Shelled Nuts.

Mixing and matching of USDA and commercial labeling methods will not be acceptable. Two or more different commercial labels will not be acceptable within a shipping unit (truck load).

UPC code for the 24/1 pound primary container is 7 15001 00908 1, and the UPC code for the 24/1 pound secondary container is 1 07 15001 00908 8.

Please Note:

(1) Federal Inspection or Federal State Inspection is the only authorized Government representative to conduct inspection for the product as required under the Commodity Specification for Shelled Nuts.

(2) Sampling must be taken from raw products after PPO.

(3) Check loading of finished product is required in accordance with the Master Solicitation dated April 2015.

All other requirements of the Master Solicitation dated April 2015, Commodity Specification for Shelled Nuts dated August 2014, and this solicitation shall be met before shipping the product.

Offerors who intend to use more than one processing plant and shipping point for contracts awarded under this solicitation, other than the processing plant and shipping point entered in their bids, may submit a list of their approved processing plants and shipping points on a separate sheet of paper to be uploaded in WBSCM, and to be submitted with their bids.

This Solicitation may show multiple stops on some line items; however, the number of stops will be limited to a maximum of three. To determine the number of destinations, review the "Tendering Text" for the lot, which will indicate the City and State for each stop. Bidders may submit different prices for each stop. However, a price is required on all line items within the lot.

For offshore destinations (Puerto Rico, Hawaii, etc.), offerors have the option to choose to enter their bids direct to the offshore destination or to the port.

Purchases will be made on an f.o.b. destination basis to cities on this Solicitation. Destination quantities listed are estimates and subject to adjustment based on offerings, changes in recipient needs, market conditions, and program operations.

All prime vendors are reminded that they are prohibited from subcontracting with companies or individuals that have been suspended or debarred.

Offers must be submitted electronically via the Web-Based Supply Chain Management System (WBSCM). Offers submitted by any means other than WBSCM will be deemed nonresponsive. Offerors must be active in WBSCM and have the required bidder roles in order to submit offers under this solicitation. Once connected, follow the online procedures. A "HELP" button provides detailed instructions or call (202) 720-4517 for assistance.
