4A52.214-1 Electronic Submission of Bids - Addendum

(c) WBSCM Offer Information

Work Instruction for LTC offer submission may be found at:

http://www.fsa.usda.gov/Internet/FSA_File/wbscm_work_instructions.pdf under “WI and Follow On Activities.”

Prospective contractors are responsible for starting the applicable processes early in the offering period and

completing the applicable processes soon enough to ensure that their offer, modification, or withdrawal is received by the exact time specified herein for receipt of offers. Offer submission may include processes, such as: register vendor, authorize user access and roles, create eAuthentication account, accept WBSM rules of behavior, register plants, assign users to plants, save plant responses and submit vendor response (offer).

Quantities will be awarded in increments of USDA standard truckload quantities, subject also to the offer's quantity constraints. Quantity constraints shall be entered in pounds.

An offer requires timely submission of all plant responses AND a vendor response. Plant response consists of:

- 1) STATE PRICES for applicable items in the Bid invitation item detail attributes section and
- 2) CERTIFICATION ANSWERS in the ATTRIBUTES section of the invitation header tab. Important: Submission of the plant response just saves the data entered – the vendor response must also be submitted.

Vendor response consists of:

- 1) Entering quantity CONSTRAINTS to limit the offer to a quantity to less than or equal to the maximum invitation quantity, and
- 2) Plant responses – submission of vendor response before the Offer Due Date and Time also physically submits all previously submitted/saved plant responses. Failure to timely submit the vendor response will result in no offer for the applicable solicitation.

It is imperative that the offeror verify the accuracy of their offer. The offeror has the ability to call up the Vendor Response Log as part of the bid submission process by selecting the “Vendor Response Log” button and/or the offer may be printed from the WBSM portal path Supplier>Bid Management>Vendor Response Log.

4A52.214-2 Basis of Offers

- 1) Offers shall be submitted as a differential price per pound to the CME Group (CME) 40 pound block cheese cash market price for the Mozzarella cheese.
- 2) The Differential Price in WBSM will accept positive, zero (\$0.0000), and negative offer prices (i.e., -\$0.0300). A blank price field will be interpreted as no offer for a particular state. A price of zero (\$0.0000) IS A VALID PRICE and is an offer of flat market price to the CME Group. Anticipated delivery cities by type and/or pack are identified elsewhere within this solicitation. Offerors are encouraged to enter a price for each state displayed on the Item Detail Attributes page.
- 3) The contract price for a delivery month shall be the total of the accepted differential price, PLUS the following economic price adjustment (EPA): the previous week average (PWA) of the CME Group cash 40 pound block cheese trading as reported in USDA's Dairy Market News.
- 4) The week average for the PWA is a simple average of all the daily closing prices for 40 pound block cheese during the calendar week of the CME Group cash trading. Previous week means the first full Gregorian calendar week before the first day of the delivery period on the contract delivery order.
- 5) In the event the CME Group prices are not available or do not accurately represent the market (as determined by the Government), the Government may use the National Agricultural Statistics Service (NASS) cheese price series (or suitable replacement) as the basis for calculating the PWA value for block cheese.
- 6) Offerors may submit offers for less than the quantities indicated.

52.216-1 Type of Contract (Apr 1984)

The Government contemplates award of a fixed-price, with economic price adjustment indefinite delivery

indefinite quantity contract resulting from this solicitation.

(End of provision)

52.216-27 Single or Multiple Awards (Oct 1995)

The Government may elect to award a single delivery order contract or task order contract or to award multiple delivery order contracts or task order contracts for the same or similar supplies or services to two or more sources under this solicitation.

(End of provision)

452.216-72 Evaluation Quantities--Indefinite-Delivery Contract (Feb 1988)

To evaluate offers for award purposes, the Government will apply the offeror's proposed fixed-prices plus estimated cheese market price(s) to the estimated sales orders included in the solicitation in section I., and will add other direct costs, if applicable.

(End of provision)

4A52.226-1 Farmer-Owned Cooperatives Participation
