CRACKERS, SOLICITATION NO: 12-3J14-23-B-0072

The U.S. Department of Agriculture (USDA) invites offers to sell Crackers pursuant to the AMS Master Solicitation for use in the domestic food distribution programs. Bids are due by [1pm CT on November 21, 2022]. Acceptances will be announced by 5pm CT on November 22, 2022. Deliveries are to be made between January 01, 2023 through March 31, 2023.

This Acquisition is Unrestricted.

Any small business concern proposing to furnish a product that it did not itself manufacture must furnish the product of a small business and, by the offer due date/local time, submit the corresponding supplier agreement to, Attention: Contracting Officer. The supplier agreement shall: be in effect between the offeror and the product manufacturer for the period of contract performance, certify compliance with the applicable solicitation requirements, be on the product manufacturer's company letterhead, and be signed by both parties.

A prospective contractor will be required to provide written evidence of a proposed subcontractor's responsibility including Plant Sanitation and Food Defense surveys. The Contracting Officer will directly determine a prospective subcontractor's responsibility, per FAR 9.104-4.

The Government will award contracts to eligible HUBZone bidders as provided in the Master Solicitation for Commodity Procurements, Part II, Section C: 4A52.219-2 The HUBZone Program. If the bidder elects to waive the preference, it shall so indicate in its bid.

The CID references two different manufacturing processes for a similar type of cracker (soda vs saltine), USDA Commodity Procurement has the option to allow both with purchasing this product.

For a new-to-USDA contractor and existing contractors who are bidding on new products, a probationary period may be implemented in which awards are limited to a specific amount of truckloads per product. Contractor must demonstrate successful delivery of a specific amount of truckloads of the product in order to be removed from probationary status on future solicitations. For the purposes of this rule, successful delivery is defined as product delivered on-time and in acceptable condition according to the terms and conditions of the contract. Any delivery problems directly attributable to the Government will not be held against the contractor.

This solicitation may show multiple stops on some line items; however, the number of stops will be limited to a maximum of three. To determine the number of destinations, review the "Tendering Text" for the lot, which will indicate the city and state for each stop. Bidders may submit different prices for each stop. However, a price is required on all line items within the lot. For offshore destinations (Puerto Rico, Hawaii, etc.), offerors have the option to choose to enter their bids direct to the offshore
