Compared to last week: Feeder cattle were all too lightly tested to develop any market trend. Demand for feeder cattle was mostly moderate for light offerings. Quality this week was mostly average to attractive. CME positions have pushed sharply higher over the last few days giving buyers some confidence in the market. Market activity this week was moderate to active. Weigh up cows sold on mostly good to very good demand for moderate offerings. Packers continue to show good to very good demand for cows for immediate harvest. Slaughter cows sold mostly 2.00-4.00 higher on all classes of cows. Packers showed the best demand for lean cows as they search for lean grinding materials to blend down fed cow trimmings. Packers were also active in purchasing high quality cows to put on feed. Feeding cows were not tested last week as most offerings were destined for harvest, thus no trend can be established. Demand for feeding cows was mostly good this week. Slaughter bulls sold mostly 2.00 higher. Young age cows suitable to feed or re-breed sold 2.00-5.00 higher as improved feeding demand and higher fed cattle prices helped improve demand. Supply included: 18% Feeder Cattle (12% Steers, 86% Heifers, 3% Bulls); 33% Slaughter Cattle (92% Cows, 8% Bulls); 49% Replacement Cattle (97% Stock Cows, 3% Bred Cows, 1% Bred Heifers). Feeder cattle supply over 600 lbs was 82%.
