

EXAMPLE:

Orange juice from concentrate §146.145, of 21 CFR Part 146, may be produced from the standardized products of §146.146, §146.153, §146.135, §146.137, §146.140, and/or §146.151. FDA prohibits the addition of a vitamin in any of these products. Should a vitamin be added, the U.S. Standards for Grades is not applicable, and the orange juice from concentrate is evaluated as a NAG item.
