1/ In alphabetical order, the city and state of plants outside of Appalachian and Southeast Orders that received diverted milk from the Southeast Order, including the Class I differential.

2/ The Appalachian or Southeast Order pool distributing plant nearest to the plant receiving diverted milk, including the Class I differential. Morningstar Foods in Mt. Crawford, VA, a pool distributing plant on the Northeast Order, was included at the request of Dean Foods Company for this purpose.

3/ The percentage of total Southeast Order diversions received at the top ten plants listed.

4/ Actual uniform price at the location of the plant receiving the diversion.

5/ Estimated Uniform Prices calculated according to Dean Foods proposal 5 of the proposed rule issued December 22, 2005 [Docket No. AO-388-A17 and AO-366-A46 ;DA-05-06]. Discounted location adjustments for milk diverted outside of the Appalachian and Southeast Orders of 2.0, 3.0 and 4.0 cents per ten miles from nearest pool distribution plant location of either order were requested by Dean Foods Company. The 3.5 cent rate was requested by Dairy Farmers of America.
