\* Weighted averages calculated by combining total producer milk deliveries to distributing plants by Section 1000.9 (c) cooperatives, divided by cooperatives' total producer milk receipts. Total producer milk receipts include non-cooperative member milk if any such producer milk was pooled by a Section 1000.9 (c) cooperative.

\*\* Weighted averages calculated by combining total proprietary handler producer milk deliveries to distributing plants less any producer milk diversions by same proprietary handlers, divided by the total proprietary handler producer milk receipts. Total proprietary handler producer milk receipts may include receipts of cooperative members, if cooperative producers were pooled by the proprietary handler.
