AMENDMENT NO. 2

COMMODITY SPECIFICATION FROZEN FRUIT - October 2014

The purpose of this amendment is to add language to Section I. Packing, Labels, and Packaging. This language will clarify the minimum FDA labeling requirements for primary containers. The additions are shown in **blue** below:

I. Packing, Labels, and Packaging

All products must be packed in new, commercially acceptable primary containers **which meet all applicable FDA packaging and labeling requirements (link to: [FDA Food Labeling Regulations](#))**.

Minimum labeling requirements for the primary container are:

- **Statement of identity, or name of the food**
- **Net quantity statement**
- **Ingredient statement**
- **Manufacturer or distributor location statement**
- **Allergen declaration (if product contains a major allergen).**

The packages must be suitably code marked so that the product can be identified with related inspection certificates and to insure traceability in the event of a recall.

All other terms and conditions remain unchanged.
