Dear Secretary of Agriculture Tom Vilsack,

In January, the National Milk Producers Federation and the International Dairy Foods Association submitted changes to eliminate the producer-handler exemption.

While I do not know the entire story and who will be effected in which way due to the outcomes, I am in support of local & small businesses and I am asking that you hold off on having a hearing regarding the possible milk order changes until all of the facts can be heard. I read an article that stated the Snowville Creamery may go out of business if the changes are made I really hope that doesn't happen.

Thank you!
